

List of *Sonic X* episodes

Sonic X is an anime series based on the *Sonic the Hedgehog* video game series. It originally ran consecutively on Sundays from April 6, 2003 to March 28, 2004 with a total of 52 episodes (collectively known as the Japanese "Series 1"). Episodes 53-78 (collectively known as "Series 2") initially after they were completed and produced, were not aired on TV until 2020 or released on DVD in Japan, but eventually became available through various streaming services years later (episodes 53-78 were first broadcast on TV in France and parts of Asia before they aired on UK/US television).

However, as part of Kids Station's 2020 line-up of programming, it was announced that as part a tie in promotion for the *Sonic the Hedgehog* movie, the network would finally begin broadcasting the remaining episodes in 2020. This would mark the first time that the episodes would air in any format on Japanese television.

For the English dub produced by 4Kids (which aired on FOX on the Saturday morning block FoxBox, later renamed 4Kids TV from August 23, 2003 to May 6, 2006), episodes 1-52 were referred to as Seasons 1-2, each 26 episodes long, and episodes 53-78 were referred to as Season 3, but the Saga Set DVD releases split the episodes into 6 Seasons, each containing 13 episodes. The airdates for TV Tokyo are listed on the left, while the airdates for the 4Kids English dub are on the right. For Season 3, air dates for the Japanese run reflect the first date of Kids Station's broadcasts.

At the end of the battle for the Chaos Emeralds with Dr. Eggman, Sonic crosses time and space and ends up in the human world. He rushes through the highway, and is met with the high speed patrol group S-Team who try to stop him, but he easily outruns them. After the chase, Sonic ends up running through the highway's blockade and falls into a mansion's pool, which he can't swim out from. He is then rescued by a boy named Chris, who lives in the mansion due to his parents being busy with their jobs as a technology business CEO and movie star.

He then proclaims through a broadcast signal intrusion that he is going to make this world his. Tails and Chris go up against him, but are driven into a corner. That's where Knuckles and Amy make an appearance and join the fight. However, Amy ends up being captured in the struggle. Everybody pins their hopes on Sonic to solve the situation.

From the previous incident, the President becomes aware of Sonic's existence and views Eggman's scientific power as a threat. Afterwards, an agent (Mr. Stewart) is sent into Chris' school to pose as a teacher. It is then reported that a mysterious stone that causes a machine to malfunction has been discovered. Eggman and Sonic's group arrive at the scene and get in a struggle, knowing that the stone is a (green) Chaos Emerald. Having parted with Sonic and the others, Knuckles, who is taking independent action, hides in the city. There, he comes in contact with Eggman, who claims that he wants to collect the Chaos Emeralds to return to their own world and apologizes for the evil deeds he has done until now, asking Knuckles to deal with Sonic. Of course, they are not known to anyone other than Chuck yet, so the two try their best to hide the secret from Ella and Tanaka. However, Cream and Cheese end up leaving the room without permission and cause an uproar. Sonic imprisons them for the crime of that thing they do.

Because of this, the surface is in mayhem, with Cream ending up unable to watch the TV program she was enjoying.
